YOUR LOCAL **PLASTIC PACKAGING** MANUFACTURER

Henrose Plastics has over 45 years of manufacturing experience. We recently purchased new equipment to the value of €1 million, and 2012 marked the move to another much larger world class factory site, in which we start the journey of attaining ISO 22000 rating in the months ahead. Henrose Plastics has, over time, become the dominant player in the Eastern Cape and the packaging company of choice for many blue chip manufacturers operating in the region. Besides many variations of printed bags we now specialize in supplying printed sheeting Form Fill and Seal Lines to the milk, juice and salt packaging industries nationally.
